## Carabal Gulae 2014

A complex and sophisticated wine. Red color very bright covered. From the first moment Gualae attracts by its aroma, a part of mountain (dry rosemary, thyme) an earth part (minerality) and a part of bouquet (pharmacopoeia). Surprising again in the mouth, round, with personality. Lots of red fruit (marmalade) followed by a high quality wood that accompanies the wine without seizing it. Long-lasting ending that will be eternal after aging in bottle.

### Our Tasting

**Visual :** Beautiful cherry red color and very high rim

**Olfatory :** Complex and intense aroma that unfolds in layers. First specifically, cinnamon, clean wood, cocoa, tobacco, ginger, and in the end bounces the fruit, small, black.

**Gustatory :** Immense in the mouth, tasty, structured, with energy. More fruity than nose, well armed. A great wine, which will be bigger with its passage in the bottle
