

Lamuchi Bientevéo Torrontés

It is a young and fresh wine that has excellent typical varietal and terroir characteristics , both on the nose and on the palate .

Our Tasting

VISUAL: : Young, limpid and pale yellow in color with greenish reflections

OLFATORY: Intense and expressive aromas of white flowers that make it very typical of the area and attractive to the nose. Notes of jasmine, chamomile, Lime and very interesting hints of fresh herbs appear.

GUSTATORY: The aromas move to the mouth with fluidity , very pleasant acidity that gives it volume and breadth towards a pleasantly bitter finish that distinguishes it as Torrontés.

PAIRING: Invites to pair it with meat , warm salads with soft cheeses and roasted vegetables.
