

FAMILIA FALASCO

DESDE 1939

NAMPE Cabernet Sauvignon

Our family has its roots in the wine industry, with more than 80 years of experience.

Our grapes come from different soils, climates and regions of Mendoza. They all grow in cold winters and dry, hot summers with cool nights, in rich soils irrigated by meltwater from the andes mountains.

All this makes it possible to obtain excellent quality, both in young and aged wines.
